7 **Supplementary Table 1 Controlling nutritional status (CONUT) scores**

|                          | Score  |           |               |             |
|--------------------------|--------|-----------|---------------|-------------|
|                          | Normal | Low risk  | Moderate risk | Severe risk |
| Serum albumin, g/dL      | ≥3.5   | 3.0-3.49  | 2.50-2.99     | < 2.5       |
| Albumin score            | 0      | 2         | 4             | 6           |
| Total cholesterol, mg/dL | ≥180   | 140-179   | 100-139       | < 100       |
| Cholesterol score        | 0      | 1         | 2             | 3           |
| Lymphocytes, count/μL    | ≥1600  | 1200-1599 | 800-1199      | < 800       |
| Lymphocyte score         | 0      | 1         | 2             | 3           |
| Total score              | 0-1    | 2-4       | 5-8           | 9-12        |
